- **ABOUT AL MILLION CONSTRUCTION DIVISION**

MSTC

INTRODUCTION TO CONSTRUCTION DIVISION

AL MILLION CONSTRUCTION DIVISION is a division under **Al Million Services Trading & Contracting Co. W.L.L. (MSTC)**, one of the most reliable and highly reputed establishments in Qatar.

MSTC is rendering services to government and private sector organizations as a Construction Contracting and Trading company specialized in the field of Industrial Construction, Civil Construction, MEP Works, Product sales, IT Services, Project Support & Equipment Rental & Maintenance Services.

The State of Qatar has always shown a great deal of enthusiasm in pursuing industrial development. **MSTC Const Div.** is here to contribute in this endeavor.

MSTC Const Div, vision is to provide world class contracting and associated specialized services in the state of Qatar.

MSTC Const Div is ready to meet the needs of industrialization for its clients and end users, with a keen focus on objective;

- Delivering cost effective quality products / services within the stipulated time frame.

- Adhering to commitments, striving for excellence and exceed the expectations

- **Civil & Building Works**
- **MEP Works**
- **Industrial Plant Construction**
- **Construction Management**
- **Maintenance and Shutdowns**
- **Trading and Project Support Services**

MSTC Const. Div. – Highlights

- **Professional top management**
- **Highly experienced middle & site management**
- **Skilled manpower, modern equipment & machinery**
- **Professional affiliates & associations**

MSTC Const Div is proud to say that its management team, Staff and associate companies have served the following reputed End Users/ Owners and international organizations for various prestigious projects in Qatar, Saudi Arabia, other Middle East countries and India.

INDUSTRIAL PROJECTS –
Oil & Gas, Petrochemicals, Steel & Cement, Power & Desalination.

FIELD OF SERVICES IN CONSTRUCTION

Construction and Maintenance: Civil & Electro - Mechanical Projects

MSTC INDUSTRIAL CONST DIV. undertakes all kinds of construction activities. The Team has very sound experience & track of records in the key activities;

- **OIL AND GAS**
- **REFINERY AND PETROCHEMICALS**
- **CEMENT, IRON & STEEL INDUSTRIES**
- **FERTILIZER & CHEMICALS**
- **POWER & DESALINATION PLANTS**
- **SUBSTATIONS & OTHER INDUSTRIAL PLANTS**
- **TANK TERMINALS**
- **DISTRIBUTION PIPE LINES**
- **CIVIL & COMMERCIAL BUILDINGS**

- **STRUCTURAL FABRICATION AND ERECTION**
- **PIPE FABRICATION & INSTALLATION**
- **STATIC ROTARY & PACKAGED EQPTS**
- **HEAVY EQUIPMENT ERECTION (ODC)**
- **SURFACE PREPRATION AND PAINTING**
- **HOT AND COLD INSULATION**

- **CIVIL & BUILDINGS**
- **ROADS, INFRASTRUCTURAL WORKS**
- **INTERIOR AND ARCHITECTURE**
- **ROOF & WALL CLADDING**
- **PLANT MAINTENANCE & SHUTDOWN**
- **ELECTRICAL & INSTRUMENTATION**
- **TESTING & PRE-COMMISSIONING**
- **TECHNICAL SUPPORT SERVICES**
- **EQUIPMENT RENTAL SERVICES**

- **INDUSTRIAL CONSTRUCTION DIVISION**

- **CIVIL AND BUILDING CONSTRUCTION DIVISION**

CIVL AND BUILDING CONSTRUCTION DIVISION

- The division has been actively involved in construction field successfully since 2005. This division is managed by responsible management and efficient skilled workers. This efficient workforce is a company asset. Dedication, Planning, Team Effort , Expertise and Vast sound experience in Field of our business helps us in achieving our goals.

- It is all part of our Effective Overall Management approach which our clients will confirm. We are indebted to our valued customers, consultants and contractors who support us to make our construction division successful.

- Our contracting division in Civil and Building works offers unmatched services in the following areas;

  - **CIVIL STRUCTURAL WORKS**
  - **ARCHITECHTURAL WORKS**
  - **INTERIOR DECORATON WORKS**
  - **ELECTRICAL WORKS**
  - **PLUMBING AND SANITARY WORKS**
  - **ALUMINUM CLADDING WORKS**

- In all the above divisions we have professional team of experienced Managers, Engineers , Technicians and the work force are well qualified from Asian countries well known for their workman ship which helps MSTC to manage and carry out the complete scope of work with efficiency, inconsistent with time, quality and safety. Hence we can guarantee you that ours services will be inline with your requirements and utmost satisfaction

ACTIVITIES PERFORMED

- PLUMBING AND DRAINAGE WORKS
- HOT AND COLD WATER SYSTEM
- IRRIGATION SYSTEM
- FIRE FIGHTING SYSTEM
- HVAC & AIR CONDITIONING

PLUMBING AND DRAINAGE WORKS

Activities are carried out in accordance with the Water Dept.regulations (Qatar General Electricity and Water corporations), the Sewerage Dept.regulations (Civil Engineering Dept.-MMAA), and other international standards depending on the individual project requirements.

HOT AND COLD WATER SYSTEM:-

The Hot & Cold Water system and the copper piping is carried out according to project specification/ BS 2871 both table “X” & “Y”. Cold water system is carried out either by using gravity method or by the pressure application depending on projects’ demand. Hot water system could be executed by the individual storage single heaters or by the use of central heaters with circulation pumps

IRRIGATION SYSTEM:-

Automatic & Semi-Automatic systems are both executed using a set of high pressure PVC piping to constitute the ring main and branch connections, set of pressure pumps, quick coupling valves, drip emitters ……etc…

FIRE FIGHTING SYSTEM:-

It is carried out using a set of pressure pumps, piping net work, hose reels and cabinets. The system is always made under pressure to give immediate provision of water at the time fire occurrence, and based on the Design criteria and the civil Defense Regulations.

HVAC AND AIR CONDITIONING:-

A/C works including Centralized package system with ducts, ducted split type A/C indoor/outdoor units complete with the refrigeration pipes and the normal split type indoor/outdoor units are carried out as per drawing and specifications.

ELECTRICAL DIVISION

Our scope of activities extend to cover all the aspects of the Electrical Services to the different types buildings such as, Commercial, Residential, Industrial, army Buildings ,School…etc

Activities Performed

- Small Power Installations:-
- Sub-Main & Cubical Panels:-
- Fire Alarm System:-
- Street lighting & Feeder Pillar:-
- Street lighting & Feeder Pillar:-

Small Power Installations:-

Our Electric Division executed all the types of small power low voltage works such as lighting &distribution boards, Bus Bar Riser, Bus duct, all the types of works P.V.C, G.I Cables …etc

Sub-Main & Cubical Panels:-

Sub –main panels & cubic panels of different sizes and types have been installed by our electricians in different projects, such as the Army Hangers Residential Complex the multistory buildings these panels were installed by our terminated, tested & Commissioned by our Electricians, Forman's and under our engineer s supervisions

Fire Alarm System:-

Different types of fire alarm system (i.e. Conventional and Addressable) have been installed by our technicians using different types of mechanically protected cables and the normal cables depending on the individual projects requirements .Also these systems were tested and commissioned by MARINA and approved and certified by the fire fighting Department

Public Address System:-

Public address System includes different sizes in different types of speakers (i.e. 6W, 12W Box Speaker, Horn speakers …..Etc) in addition to amplifiers &Microphones were installed in different projects (mostly mosques) by our technicians

Street lighting & Feeder Pillar:-

The Electrical Division has Experience in erection of Light poles ; cabling; termination and commissioning of street light & feeder pillar were we have executed many different projects
